STUK Flooring Trims

STUK Retail Packed Flooring Trims are British made, high quality, professional grade aluminium profiles, superbly presented for retail sales. Packaged in STUK branded high-impact printed polythene bags, these flooring trims are available in two finishes: highly polished bright chrome, or anodised bright gold. Each individual pack contains colour co-ordinated fixing screws. STUK Retail Packed Flooring Trims – Easy to fit, and can be cut to required length with a standard hacksaw. Our new longer 90cm flooring trims are made to fit new regulation disabled-access doors. All profiles are manufactured to professional standards & are suitable for domestic & contract installations.

STUK Laminate Floor Trims

STUK Retail Packed Laminate Trims are made in the UK to meet professional requirements. Quality aluminium, finished to the highest standard, these trims will suit any home, office or caravan. Available in two fabulous anodised colours – matt chrome, or matt gold. New, longer, 90cm length provides for disabled-access door widths. Profiles are complete with colour co-ordinated fixing screws, and all are packaged in our STUK high-impact printed polythene bags.

STUK Kitchen Worktop Trims

STUK Retail Packed Kitchen Worktop Jointers are polished aluminium profiles used for joining worktops. The corner joint provides the perfect finish where two worktops meet at right angles to each other, the straight (or butt) joint joins two worktops together in-line, and the end cap finishes and protects the raw worktop edge. Fixings are contained in all packs. Available in matt & bright silver, bright gold, and black. All packed complete with fixing screws. 630mm long, 10 per outer.
